Re: Police as Expert Witnesses - CLE at the Columbus Bar Association

Dear Richard,

I wanted to take this opportunity to thank you, again, for presenting on "Police as Expert Witnesses" for a continuing legal education program at the Columbus Bar Association yesterday. It was delightful working with you leading up to the program as we explored content and met the necessary requirements to receive approval from the Supreme Court of Ohio for 3.0 CLE hours all the way through the live production.

Our audience also appreciated you, as can be seen by the evaluation forms. Twenty were completed and fifteen of these rated you as above par or exceptional. In fact, some wrote in comments like "excellent speaker" and "energetic."

I also wanted to thank you for allowing us to let your program live on through the next months. Your permission to let us video tape will allow us to offer your program through CLE video replay presentations here at the Columbus Bar Association and also as an on-line self-study program. I thought you might want a copy of that video so I am enclosing the DVD's with this letter.

Richard, again, it was a pleasure working with you!

Yours truly,

A handwritten signature in black ink, appearing to read 'Amy', is written above the typed name.
